# PREFACE.

The Editor of the CHELTENHAM ANNUAIRE claims for the present Volume—the first of the new century—that, taken as a whole, it is the best and most useful yet published in Cheltenham.

On no previous Volume has so much care, time, and expense been bestowed.

Nearly one hundred pages have been added to this Edition for 1901. The "Local Information"—to be found in no other publication—has been amplified in many ways; the Street List has been entirely re-modelled and greatly increased, and some fifteen hundred new names have been included in the "General List." Innumerable minor improvements have been made in other directions.

Considerable trouble has been taken in the correction of the "County" Portion of the work, and this may be taken to be as reliable as it is possible to make such a list, the accuracy of which is practically dependent on the kindly co-operation of those included in it.

For a full understanding of the scope of the "Annuaire," and a help to its use, the Index should be consulted; and the Corrections, which have come to hand during printing, will be found set out in the "Addenda."

Criticisms, comments, or suggestions for increasing the value of the work—now in its 65th year—or information as to inaccuracies, will be gladly welcomed.

## STANDING JOINT COMMITTEE.

NOTE.—By Section 30 of the Local Government Act, 1888, there is to be a Standing Joint Committee of the Quarter Sessions and the County Council, consisting of such equal number of Justices appointed by the Quarter Sessions and of Members of the County Council appointed by that Council as may from time to time be arranged between the Quarter Sessions and the Council, and in default of an arrangement such number taken equally from the Quarter Sessions and the Council as may be directed by a Secretary of State.

The County Council on the 6th January and the Quarter Sessions on the 15th February, 1890, respectively agreed that the Standing Joint Committee should consist of the members of the County Council and an equal number of Justices appointed by Quarter Sessions. The Quarter Sessions on the 3rd April, 1900, appointed as their moiety seventy-six Justices, of whom twenty are members of the County Council, and the County Council, on the 9th April, 1900, appointed the seventy-six members of the Council as their moiety. The actual number of members of the Standing Joint Committee is therefore 132.

DIRECTORY  
OF THE  
PRINCIPAL RESIDENTS  
IN THE  
COUNTY OF GLOUCESTER.

*The following List must not be regarded as a complete  
County Directory. It is, however, a fairly com-  
prehensive list of the Principal Residents—  
Private, Professional, & Official—in the County,  
other than those in the City of Bristol, the City  
of Gloucester, Charlton Kings, and Leckhampton.*

*The difficulties of compiling a list embracing such a  
vast area, except with the courteous aid of the  
persons concerned, are many; and the expense  
heavy. Every opportunity for correction has  
been given and every effort made to ensure  
accuracy. As no such compact list can be found  
elsewhere, the Editor would welcome any correc-  
tions or criticisms that would lead to its greater  
usefulness.*

NOTE:—Where the letters S.O. or R.S.O. are affixed  
to an address, it is necessary to add "Glos."

### INLAND PARCEL POST.

Parcels not exceeding 11lbs. in weight are received at any Post Office for transmission between places in the United Kingdom.

In order that a Packet may go by Parcel Post, it must be tendered for transmission as a Parcel, and should bear the words "Parcel Post," which should be clearly written in the left-hand top corner.

Every Post Office is open to the Public for Parcel Post business on week-days during the same hours as for general postal business. No Parcel Post business, as a rule, is transacted in England or Ireland on Sundays, Christmas Days, and Good Fridays; nor in Scotland on Sundays and Sacramental Fast Days. There is however one Delivery of Parcels on Christmas Day and Good Friday.

The following are the principal conditions and regulations—

The size allowed for an Inland Postal Parcel will be—

|                                    |             |
|------------------------------------|-------------|
| Greatest length                    | 3 ft. 6 in. |
| Greatest length and girth combined | 6 ft. 0 in. |

For example—

A Parcel measuring 3 ft. 6 in. in its longest dimension may measure as much as 2 ft. 6 in. in girth, *i.e.*—round its thickest part; or a shorter Parcel may be thicker, thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*—round its thickest part.

The most convenient mode of measuring will be by means of a tape 6 feet long, having the length of 3 ft. 6 in. marked thereon.

The rates of Postage are—

|   |      |
|---|------|
| For a parcel not exceeding 1 lb. in weight                      | 0 3  |
| For a parcel exceeding 1 lb. in weight and not exceeding 2 lbs. | 0 4  |
| " " 2 lbs.  | 0 5  |
| " " 3 "   | 0 6  |
| " " 4 "   | 0 7  |
| " " 5 "   | 0 8  |
| " " 6 "   | 0 9  |
| " " 7 "   | 0 10 |
| " " 8 "   | 0 11 |
| " " 9 "   | 1 0  |

No Parcel will be accepted which weighs more than 11 lbs. The postage must, in all cases, be paid in advance, and by ordinary postage stamps, which must be affixed by the sender before tendering a Parcel for transmission by Parcel Post at a Post Office.

**POSTING OF PARCELS.**—Parcels must not be posted in a letter box, but must be taken into a Post Office and handed over the counter. Care must be taken that every Parcel bears a clear address. If a Parcel be posted in a letter box it will not be forwarded by Parcel Post, but will be treated as a letter, or as a book packet if it can pass under Book Post regulations.

**REGISTRATION.**—Parcels can be registered in the same way as Letters, and compensation obtained for loss or damage up to £120.

Cheltenham, it is said, was the first town in England to have pillar-boxes. It is stated that a Captain Carter and a clergyman named Charlton were touring in Brussels, and noticed a pillar-box in the course of erection there. When the gentlemen got back to Cheltenham, which was their home, they brought the matter before the local postal authorities, with the result that soon after a dozen of such boxes were erected in the Gloucestershire watering-place, and the system was soon adopted throughout the kingdom.
