STANDING JOINT COMMITTEE.

NOTE.—By Section 30 of the Local Government Act, 1888, there is to be a Standing Joint Committee of the Quarter Sessions and the County Council, consisting of such equal number of Justices appointed by the Quarter Sessions and of Members of the County Council appointed by that Council as may from time to time be arranged between the Quarter Sessions and the Council, and in default of an arrangement

such number taken equally from the Quarter Sessions and the Council as may be directed by a Secretary of State.

The County Council on the 6th January, 1890, and the Quarter Sessions on the 15th February, 1890, respectively agreed that the Standing Joint Committee should consist of the Members of the County Council and an equal number of Justices appointed by Quarter Sessions. The Quarter Sessions in April, 1909, appointed as their moiety seventy-six Justices, of whom seventeen are Members of the County Council, and the County Council, in 1909, appointed all the Members of the Council, as their moiety. The actual number of Members of the Standing Joint Committee at present is therefore 135.

The Addresses of Members of the Standing Joint Committee will be found in either the County or Cheltenham Lists.

OF THE

PRINCIPAL RESIDENTS

IN THE

COUNTY OF GLOUCESTER,
1910.

The following List must not be regarded as a complete County Directory. It is, however, a fairly comprehensive selection of the Principal Residents—Private, Professional, and Official—in the County, other than those in the City of Bristol, and Charlton Kings and Leckhampton, the latter of which will be found in the Cheltenham List.

The difficulties of compiling a list embracing such a large area, except with the courteous aid of the persons concerned, are many; and the expense heavy. Every opportunity for correction has been given and every effort made to ensure accuracy. As no such compact list can be found elsewhere, the Editor would welcome any corrections or criticisms that would lead to its greater usefulness.

CHURCHES.

Parish Church.

Dates back to *late Norman* times, 1150 A.D. To this period belong the arches of the Tower and part of the West Wall of the Church. The south transept and arches of the chancel are of the *Early English* period 1260 A.D. The Chancel and the Arches of the South and North Transept belong to the *Decorated* period between 1300 and 1377 A.D. Later still and in the *Perpendicular Style*, about 1500 A.D., is the North Porch, originally one of the entrances to the Church. Above it is an ancient parvise or priest chamber. The Vestry and South Porch are modern.

The Windows have all had modern glass inserted dating between 1874 and 1890. The tracery is of the *Decorated* period, the most notable being that of the North transept, and of the Rose Window. There are scraps of ancient glass in the Vestry window. The *Rose Window* is famous in the North Transept, and is mentioned in the principal books on Architecture.
