BISHOP'S CLEEVE is a township, parish and extensive village, forming with its hamlets the hundred of Cleeve; it is on the road from Cheltenham to Evesham, $1\frac{1}{2}$ miles north east from the Cleeve station of the London, Midland & Scottish railway and $3\frac{1}{2}$ north from Cheltenham and 119 from London. The Great Western Railway line from Cheltenham to Honeybourne has a station close to the village and another at Gotherington, about 1 mile from the village. Bishop's Cleeve is in the Cirencester and Tewkesbury parliamentary division of the county of Gloucester, rural district and county court district of Winchcombe, petty sessional division of Cheltenham, rural deanery of Tewkesbury and archdeaconry and diocese of Gloucester. The church of St. Michael is a large cruciform structure of stone, mostly in the Norman style, with some later additions, and consisting of chancel, nave of three bays, aisles, transepts, a noble south porch of curious workmanship and an embattled central tower with pinnacles, containing a clock and 6 bells with chimes; there is a marble monument with two recumbent effigies to the De la Bere family, dating from 1735 to 1742, and restored in 1803 by Thomas Baghott De la Bere esq.; in the south transept, in a recess, is the recumbent effigy of a knight, cross-legged, and still bearing traces of colouring; at the east end of the south aisle is a recumbent effigy of a nun, and there are remains of mural paintings on the wall of the north aisle; at the west end is a carved oak gallery, and a massive oak chest with three heavy locks; the church has been restored since 1897; there are 350 sittings. The register dates from the year 1563. The living is a rectory, with the hamlets of Stoke Orchard, Cleeve Hill and Southam annexed, joint net yearly value £1,400, including 45 acres of glebe, with residence; it is in the gift of Miss Hemming, and has been held since 1919 by the Rev. Nigel Mackenzie Morgan-Brown M.A. of Keble College, Oxford. The Bishop of Worcester formerly resided in the house now occupied by the rector. There is a Wesleyan Methodist chapel. In the village is an ancient tithe barn in good preservation, and a memorial to the men connected with the parish who fell in the Great War, 1914-18. There is a common of 1,200 acres, over which the inhabitants of Bishop's Cleeve, Southam and Woodmancote have commonable rights. The remains of an entrenchment, called "The Camps," still exist on Cleeve Cloud. Southam-de-la-Bere, formerly the seat of the Earl of Ellenborough, is an ancient building which Leland says was built in the reign of Henry VII.; it is occupied by Mrs. Ratcliff, and Cleeve House by Mrs. W. Lascelles. The manorial rights are held by Mrs. Noblett, who is the principal landowner. The soil is strong loam; subsoil, gravelly mixture. The chief crops are wheat, beans, barley and seeds. The area of the entire parish is 8,150 acres, principally arable; township, 1,297; the population of the township in 1911 was 657 and in 1921, 615; the population of the ecclesiastical parish in 1911 was 1,966 and in 1921, 1,979.

GOTHERINGTON is a hamlet about a mile north, with a station, 1 mile from the village, on the Great Western railway from Cheltenham to Honeybourne. There is a Presbyterian chapel here. Area of township, 1,643 acres; the population in 1911 was 369 and in 1921, 341.

SOUTHAM, $1\frac{1}{2}$ miles south-south-east, and Brockhampton, $1\frac{1}{2}$ south-west and $2\frac{1}{2}$ north-east from Cheltenham, form a township, to which parts of Bishop's Cleeve and Woodmancote have been added. The township is in the Cirencester and Tewkesbury parliamentary division of the county of Gloucester, rural district, and county court district of Winchcombe and petty sessional division of Cheltenham. The Norman chapel here, which formerly belonged to a Religious house, and was restored by the 4th Baron Ellenborough, is a small building of stone: it contains several memorial brasses and stained windows and a handsome marble font: near the church are remains of a monastery; the original tithe barn and almshouse still exist. Area of township, 3,368 acres; the population in 1911 was 344 and in 1921, 361.

Letters for this place should have Prestbury, Gloucestershire added.

WOODMANCOTE is a township, 1 mile east, to which Bushcombe Lane, taken from Bishop's Cleeve, was added by Local Government Board Order 14,693, March 25, 1883. There is a Presbyterian chapel and a chapel of the Countess of Huntingdon's Connexion. Area of township, 983 acres; the population in 1911 was 462 and in 1921, 538. Letters for this place should have Cleeve Hill, Gloucestershire added.

CLEEVE HILL, lying 1,130 feet above sea level, is a district partly in Southam and partly in Woodmancote parishes; it is popular as a place of residence. St. Peter's chapel of ease here was opened in 1907 and will seat 170 persons; the services are conducted by the clergy from Bishop's Cleeve. There is also an undenominational church, erected in 1901, with 100 sittings. The Cheltenham Golf Club and the Cotswold Hills Golf Club have links here. Courtaulds Private Convalescent Home is situated here; the premises were erected in 1892 and enlarged in 1908; there are now beds for 20 patients.

TO WHOM IT MAY CONCERN—It gives me great pleasure to testify to the fact that Mr. S. G. Godwin has done most of my Furniture Removing for the past 30 years in a most capable manner. During this period I have had no complaint to make for punctuality, breakages, losses or over-charging. This, I think, speaks for itself as to the highest efficiency of the work.
