COSTLY UNIQUE CLOCK IN GLOUCESTER CATHEDRAL.

Family Memorial to Rev. Canon Bartholomew Price. The original intention was to work it by an electric battery, but after about six years' trial this moving power was abandoned as unsatisfactory, and recently, with much more satisfactory results, the clock has been connected with the works of Sir T. S. Bazley's presentation clock in the tower above. The photograph was taken by Mr. A. H. Pitcher, of Gloucester, with an hour's exposure, and, therefore, the moving hands, of gilt, are imperceptible.

Photo by Debenham, Longman, and Co., Gloucester and Cheltenham.

THE KING'S HEIGHT.

A remarkable feature about the physiques of reigning European monarchs is that they are nearly all shorter than their Consorts. King George V. is several inches shorter than Queen Mary. The German Empress is a trifle taller than the Kaiser, who always insists on the Empress sitting down when they are photographed together.

Tsar Nicholas II. looks quite small by the side of the Tsarina. Alfonso of Spain is a head shorter than Queen Victoria Eugenie, and the King of Italy hardly reaches to the shoulder of Queen Helena. The Queen of Denmark, too, is a good deal taller than her husband.

Exceptions to the rule are the King of Norway and the new King of the Belgians. The latter is six feet two inches in height, and the tallest King in Europe.—"M. A. P."

THE WORLD'S WHEAT SUPPLY.

Discussing the world's wheat supply, the "Brazilian Review" says: It is not only the United States that very shortly seem destined to cease to export wheat, and indeed to require to import from Canada for their own requirements, but Egypt, too, where, according to the "Moniteur des Interets Materiels," the soil is becoming impoverished and less productive, whilst imports of wheat increase every year. The real explanation would, however, seem to be that cultivation of wheat has been replaced by that of cotton, which is more profitable. As one field becomes exhausted another comes into cultivation, and in Canada and Argentina alone, not to mention South Africa, Australia, and Brazil, there is room and to spare for planting wheat enough for the world's supply for another hundred years.

ST. PAUL'S COLLEGE, CHELTENHAM.

- 3.—Students entering the chapel.
- 4.—Head of procession.

- 5.—Visitors entering chapel: Sergt.-Major Brown, Mr. W. T. Boone, Rev. E. T. Griffiths (Cam), Rev. F. Billett (Gloucester), Rev. —. Davenport (Malvern).
- 6.—The procession of clergy from College to the chapel.

ANNUAL "FIELD DAY" OF THE GLOUCESTERSHIRE ROOT, FRUIT, AND GRAIN SOCIETY, JUNE 14, 1910.

GROUP OF MEMBERS AND FRIENDS TAKEN IN FRONT OF FRETHERNE COURT, WHERE THE PARTY WERE ENTERTAINED BY SIR LIONEL DARELL, BART.

Seated in centre: Mr. Wm. Priday (chairman of the Society), Miss Evelyn Darell (who received the party on behalf of her father, Sir Lionel Darell), and Mr. J. A. Smithin (treasurer). On the latter's left Mr. Sidney S. Starr (secretary).

The party met in Gloucester in the morning and drove in brakes to Stroud, where they were shown over the Stroud Brewery Company's works, and subsequently entertained by the directors at luncheon. The chair was taken by Mr. M. W. Colchester-Wemyss (chairman of the directors), and at the close of the luncheon he presented Mr. William Priday, who for 25 years has acted as chairman of the committee of the Root, Fruit, and Grain Society, with a splendid Georgian silver tea and coffee service, and an Old Chippendale 22-inch oval silver tray. The presents were subscribed for by nearly 200 members and friends, and the tray bore the following inscription:—"Gloucestershire Root, Fruit, and Grain Society (Established 1863). Presented to William Priday, Esq., J.P., C.C., together with a silver tea and coffee service, by the members, in acknowledgment of his valuable services, and as a mark of esteem, on his completing 25 years as Chairman of the Society. June 14, 1910." Subsequently the party drove to Fretterne Court and inspected the fine house and grounds and the famous herd of pure-bred Old Gloucestershire cattle, the beagles, and other objects of interest. After tea the drive was continued to Gloucester, via Saul and Hardwicke, and the day was voted one of the most enjoyable in the history of the Society. The weather was delightful, and the charming views en route delighted the excursionists.

An interesting series of snapshots, crowded out this week, will appear next week.

RIFLE SHOOTING AT GLOUCESTER. CURIOUS COINCIDENCE BY CITY COMPANY MEN.

At the County of Gloucester Rifle Meeting on June 8th last, the Gloucester City (B) Company of the 5th Batt. Gloucestershire Regiment, after an interval of 21 years, again won the Lord-Lieutenant's Cup on a tie. In 1889 three teams (B Co., C Co. (Bristol), and the Dursley Co.) tied with 437 points, but the former won by reason of their superior score at the long range. This year B Co. and C Co. (Stroud) tied with 453, and B Co. again won by superior shooting at the long range. Photographs of the winning teams appear below. That of the 1910 team is by Debenham, Longman, and Co., Gloucester and Cheltenham.
