**CHELTENHAM FIRM CATCHES THE KING'S EYE AT THE ROYAL SHOW**

While H.M. the King was inspecting the various stands at the Royal Show, his attention was attracted to the fine display of printed matter jointly arranged by Messrs. James Harwood, Ltd., and The New Centurion Publishing and Publicity Company, Limited, of Derby and Cheltenham, as shown in the above picture. His Majesty was impressed with the excellence of the various Handbooks in their intriguing coloured covers, and more especially with the Plymouth and Thames Valley folders, many thousands of which The New Centurion Publishing Company have produced for the Great Western Railway Company. The Managing Director of the Company is, of course, Miss F. L. Carter, F.Amer.G.S., and much of the work displayed at the Royal Show was initiated at the firm's Cheltenham Offices, Promenade House, Cheltenham. It is increasingly realised that the preparation of printed sales matter is just as much an expert's business as any other profession, and the New Centurion Company are always pleased to discuss with principals the possibility of obtaining more business by means of inexpensive but effective booklets, catalogues, price lists, etc. Guide books are a special feature.
