GREATER VALUE

Austin

When you buy an AUSTIN you possess a car that has built into it the most important factor in motoring—RELIABILITY. An AUSTIN is a car you can depend upon to carry you comfortably and speedily . . . one you can depend upon in an emergency, too! It is that factor of RELIABILITY that makes the re-sale value of every AUSTIN so much better, in proportion to its original cost, than any other car. See the range at the County Distributors:—

Do You know this Cotswold Beauty Spot?

This beauty spot in the heart of the Cotswolds has been discovered by the new Wolseley 10/40. Known as the Bishop's Dove Cote, near Bibury, it makes a lovely setting for this striking new Wolseley model that is causing such a sensation in the motoring world. Built on the same lines as the famous Super Sixes — proportionately powerful — lavishly equipped and appointed — the new 10/40 and 12/48 models, as light cars, are in a class by themselves. Prices range from £220 for the 10/40 and £225 for the 12/48. Why not arrange with the Main County Distributors for a trial run?

DEVELOP YOUR CHILDREN'S MUSICAL TASTE ON A DALE, FORTY PIANO

Wise Parents realise that to learn to play the Piano is one of the best forms of mind training for the young, and scientists are agreed that this memory training is beneficial to the development of the young brain. A Piano, in addition to being a possession of great social value and culture, provides one of the most important assets in character building.
