MAJOR BRETT YOUNG IN AFRICA

“What a journey we have had! We have motored just 5,000 miles now in our Ford, and she never makes a murmur. We trump over rocks, we climb to 8,000 feet, we splash through rivers, we dip in the dongas, which are the deep, dry river splashes and climb out of them at an angle of 1 in 1½—Terrific!”
 This is a quotation from a letter written by Mrs. Francis Brett Young respecting the experiences of herself and Major Brett Young, who have been visiting Africa. Talking to Captain Tait, of the Victory Motor Company, who supplied the Ford V.8 Caravan referred to, Major Brett Young amply confirmed this very high praise, and said that despite the roughest treatment, absolute satisfaction had been given in every way. The “Cape Argus” was also impressed with the wonderful reliability shown on the 7,000 miles trek, and in reproducing the picture above, remarked that it would seem that the registration letters—B.A.D.—were singularly misplaced.

CUCKOO ALMOST OUT OF THE NEST

This young cuckoo was the sole occupant of a hedge sparrow's nest in the garden of Deenhurst, St. Mark's, Cheltenham, the residence of Mr. Frank Godfrey, who has taken interest in its progress. It was nearly full-grown when this picture was taken by our photographer, and pecked viciously at him when he approached the nest. The foster parents were most attentive, and fed their charge two or three times while the photographer was packing up his camera.

Detached type, 3 bedrooms. Price on the Grove Estate (as illustrated) **£840**
 Other detached and semi-detached designs from £700, inclusive of legal and all other costs.

For the past five years Wheeler and Mansell have been building houses in Cheltenham and every one has been snapped up. Why? Because—

1. They are really well-built.
2. The designs incorporate outside and inside charm of appearance, with every labour-saving idea.
3. The general layout is delightful. Visit the Beechurst Estate, Eldon Road, for instance, and note the wide roads, tree-lined grass verges, open aspect of each house, etc., etc., all of which help to make a family "home proud." We have now commenced on the Grove Estate, Hales Road (adjoining Beechurst Estate),

and our manager on the job (Phone 4529) will be glad to answer any questions as to cost of various type houses. Remember they are built to last!

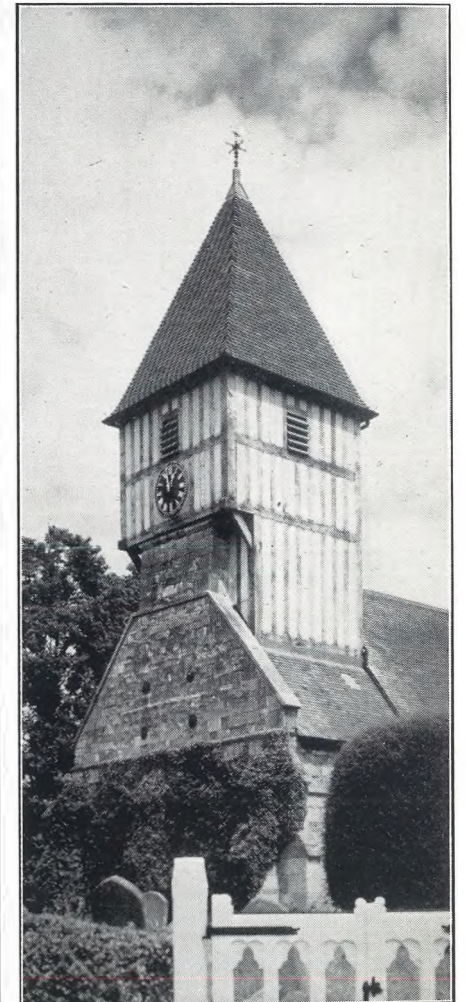

ENTRUST YOUR BUILDING WORK TO US

In consequence of the development of our general business, we have now opened a Cheltenham depot to deal with all inquiries for houses, bungalows, repairs and decorative work of every description. We shall be pleased to build you a house complete on your own land, and equally pleased to do any repairs or decorations you may require. We have the very latest equipment, the best workmen, and only use materials we have proved to be satisfactory. At our showrooms a particularly attractive display of grates and surrounds is on view. Telephone 4194: Our Cheltenham manager, Mr. Frank Griffiths, will be pleased to discuss any problem with you.

The FLYING STANDARD

‘TEN’ and ‘LIGHT TWELVE’ combine *everything* that the modern motorist demands in a light car

Differing only in engine size, the “TEN” and “LIGHT TWELVE” FLYING STANDARDS are gracefully streamline cars . . streamlined for a purpose and not merely for effect. The low symmetrical lines are unbroken by unsightly projections . . cleaning is such an easy matter on that account. The interior is superbly equipped, and the roominess at the back calls for immediate comment as soon as one opens the doors. Acceleration and hill-climbing ability amaze drivers who have been used to higher horse-powered cars—and the “Light Twelve” will do a comfortable 70 m.p.h. on top. Practical accommodation for passengers and luggage . . silence . . flexibility . . precise and easy control . . safety . . extremely low running cost . . what more could a motorist want in any car? “Ten” or “Light Twelve”
