CHELTENHAM FIRMS AND THEIR STAFFS. No. 17: MESSRS. DRAKE & CO.

The business of Drake and Co., Drapers and Furnishers, of Winchcombe-street, was founded by the late Mr. F. G. Drake, in 1887, when he took over an old established drapery establishment consisting of two shops in this street. Later a third shop was acquired and a furnishing department added, and the growth of this section particularly has necessitated the addition, in recent years, of extensive workshops, stores and showrooms at Gloucester-place. The present Winchcombe-street premises are more than double the size of the original store established 49 years ago. The founder was in active control of the business until his death in 1934, and the firm's activities are now under the personal supervision of Mr. L. G. Drake (left), who joined his father in the business in 1919.

HERE'S THE NEW FLYING STANDARD "NINE" IN A SYLVAN SETTING

One of the most popular of the Flying Standard series of cars—the "Nine"—is a big car in miniature giving a maximum speed of over 60 m.p.h. and a fuel consumption of 36 m.p.g. Its two-door all-steel body has a flush fitting sunshine roof and provides really comfortable seating for four. A graceful new frontal appearance is but one of the numerous improvements effected for 1938, and the increasingly vast resources of the Standard Company have made possible a reduction in price. The normal saloon now sells at £152/10/- and the saloon-de-luxe at £162/10/-. The lavish equipment of the "Nine" and its many quality features are usually associated with the expensive car field only. Demonstration models of this and all other Standard cars are available at Haines and Strange, 99 High-street, Cheltenham. Tel. 3024
