A DELIGHTFUL CAR IN EVERY WAY—THE NEW HILLMAN MINX

Motorists are displaying great enthusiasm for the new Hillman Minx models, which, in their improved form for the 1938 season, are calculated to appeal to an even wider circle of owner-drivers who demand a big car's appearance, performance, safety and comfort with the economical operation of a light car. The Saloon-de-luxe illustrated is rated at 10 h.p. and priced at £184. Not the least important of its twenty dominant new features is the greatly increased luggage accommodation. "Monopiece" steel roof gives an unbroken line, "Superluxe" suspension improves the riding comfort; double-action Draughtless Ventilators are an expensive luxury not usually found on light cars, and the "Cushioned Power" engine mounting ensures smooth running. There is a Safety Saloon at £169, and a very attractive four-seater Drophead Coupe at £215. The full range of models can be inspected at the Main Dealers and County Distributors—H. E. Steel (Himself). One address only:—Queen's Garage, Cheltenham. Tel. 2023.

A COMBINATION HARVESTER AT WORK IN GLOUCESTERSHIRE

A combined cutting and threshing machine—the first to be used on the Cotswolds—is at work on the farm of Mr. A. Henly at Harnhill Manor, near Cirencester. The combination harvester is hauled by a motor tractor. It cuts and threshes the wheat, filling sacks as it goes along with the grain, which is conveyed immediately by motor-lorry to the farm, where it is dried by machinery. (See article in 'Chronicle').

"The most interesting car of the year" — —
NEW DAIMLER FIFTEEN

Following upon the DAIMLER tradition which is to be in the van of progress in automobile design, the new DAIMLER FIFTEEN features INDEPENDENT FRONT WHEEL SPRINGING of a type developed by Daimler engineers and which "The Motor" describes as a real engineering achievement because it overcomes what has hitherto been the major disadvantage of this type of suspension—the roll. There are many other points of advantage in this exceedingly attractive car, not the least of which are its excellent acceleration and performance and the increased comfort for driver and passengers alike. At £475 for the six-light saloon and £485 for the four-light saloon, the NEW DAIMLER FIFTEEN is "the most interesting car of the year."
