PROOF POSITIVE

Photographs always tell the truth, and the above picture of five new "Flying Standards" delivered to their new owners on October 1st by North Street Motors Ltd. is sufficient proof of the great popularity these fine cars have now attained. Incidentally, two of them were supplied to the local Taxi Association for public hire services and will be seen on the taxi rank. North Street Motors strongly advise anyone considering the purchase of a new car to come along to their showrooms and have a thorough inspection and trial run in either the "Nine," "Ten," "Twelve," "Fourteen," or "Twenty" Flying Standards, and thus satisfy themselves as to the accessibility of all working parts, and the flashing acceleration, luxurious comfort, delightfully easy riding and really wonderful braking power incorporated in every model. Another big advantage to Standard owners is the fact that the manufacturers have a resident service engineer in every county available for consultation and advice, and North Street Motors' first-class service depot has facilities second to none. The Standard slogan - "Count them on the road" - is well founded. You try one next time. North Street Motors Ltd., Cheltenham, are agents; 'phone 4933.

This new VAUXHALL 'TEN'
*is capturing the public's imagination at
 the Motor Show*

PIONEERED BY VAUXHALL, the new TEN-FOUR which is introduced at the Motor Show is drawing many motorists to Earls Court who do not usually visit the show—simply to see and try this fine new light car with independent springing, hydraulic brakes, a maximum performance of 65 m.p.h., and the amazingly low petrol consumption of over 40 m.p.g. If it is quite impossible for you to get to the Show, fix up to see the VAUXHALL TEN with us or your usual Garage.

The Horticultural business, established by the late William Hopwood, senior, in 1804, was making steady progress when the adjoining advertisement was issued: the foundation had been laid of an enterprise that was to become in later years one with business connection in every part of the globe.

The spirit of specialised service that infused the founder maintains the integrity of HOPWOODS to-day—finds a market for 50,000 ROSE TREES ANNUALLY—makes necessary the cultivation of HUNDREDS OF THOUSANDS OF FRUIT TREES and explains why so many beautiful gardens and lawns are attributed to HOPWOODS OF CHELTENHAM.
